In April 2023, he announced the current strict enforcement of hijab laws, which have been used by the Iranian authorities to crack down on peaceful protesters. Acting in his function, he defends and promotes the repressive actions of the police. His intimidating statements on monitoring, the closure of businesses and other public spaces, and the warning texts that are being sent by the authorities have a very significant repressive impact. Furthermore, in his role as police spokesperson, he has repeatedly downplayed the widely reported schoolgirl poisonings, by claiming that the "majority" were "not real", thereby denying the victims protection through the police and undermining their right to safety. He is therefore responsible for serious human rights violations in Iran.
